The Pre-AP program will:

1. Extend curriculum and enrich Alberta Education's specific learner outcomes in Language Arts, Mathematics, and Social Studies
2. Provide an engaging and challenging learning environment that utilizes inquiry-based and problem-solving learning strategies
3. Engage students in exercises that challenge them to think critically, see things from different perspectives, respond creatively to universal questions, and acquire knowledge from interesting and unique sources

Pre-AP students are:

1. Eager to be challenged
2. Able to complete tasks in a timely manner
3. Highly self-directed
4. Curious about many things and interested in learning about them
5. Analytical about their own education and open to personal growth as a learner
6. Prepared to work collegially with their peers
7. Willing to develop public speaking and presentation skills
